City Manager Boeske asked for approval of the ordinance stating that this was an easement that the City was deeded some time ago and it cuts right through the middle of the property. He further stated that this was very similar to the ROW abandonments granted to several other properties in the area.

Council Member Pierce asked who was responsible for paying the property taxes on the abandoned land. City Manager Boeske stated that the property owner would.

Upon a motion by Mayor Aaron, the City Council voted five (5) for and none (0) opposed to approve Ordinance 15-770.

City Manager Boeske asked for approval of the Change Order. ARKK Engineer John Rudloff stated that the Change Order was to add in the recycling of Indiana, Carpenter and Colorado Streets which are adjacent to Wilson Road. He further stated the roads are in bad shape but rather than rebuild the roads, the City will recycle what is there, mix with concrete creating a new base, re-grade, top with a new crown to improve drivability.

Council Member Pierce asked if the roadways were public or private, stating he believed them to be private when they were first installed. City Manager Boeske stated that the City never accepted the roads because they were not built to our standards but that the City does maintain the Rights-of-Way and easements.

Mayor Aaron moved to approve the Development Plat.

Council Member Funderburk asked with respect to the ordinance recently passed placing new requirements on hotel developments as to whether or not this plat had to comply with the new provisions. City Manager Boeske stated that this particular development was grandfathered in because their application was received prior to the Ordinance taking effect.

Council Member Calfee asked if the property was in the City. City Manager Boeske stated it was on a piece of property that was annexed a few years ago when the City of Houston allowed the City to take in a portion of their Extraterritorial Jurisdiction.

Council Member Pierce asked if a representative of the development was present then further stated his disappointment that they were not present to answer questions he had regarding the development.

12. APPROVAL OF THE INSURANCE COMMITTEE'S RECOMMENDATIONS FOR THE CITY OF HUMBLE'S EMPLOYEE GROUP INSURANCE COVERAGE FOR 2016.

City Manager Boeske recommended approval of the recommendations as laid before the Council but noted that one additional change was to be included with regards to the number of physical therapy visits. Mr. Boeske stated that the allotted number of 25 was below industry standards and the City's insurer would increase this to 40.

Council Member Pierce asked what had been happening currently. Finance Director Phillips stated that when employees had utilized all 25 they either had to have supplemental insurance or pay out of pocket.

City Manager Boeske also noted that there were a few minor cost adjustments made in regards to a slight increase in the employee's contributions. Finance Director Phillips said that the costs were slightly skewed between the classifications, i.e. employee, employee and spouse, employee and family, so those were adjusted to make them more equitable.

City Manager Boeske stated that in 2017 under the Affordable Care Act, the City's insurance plan would be considered and "Cadillac Plan" which would incur a significant tax penalty to both the City and to the individual employee but by making small changes now and in 2017 the City will be able to avoid such classification without having to significantly impact the employees all at once.

Upon a motion by Council Member Funderburk, the City Council voted five (5) for and none (0) opposed to approve the Insurance Committee's recommendations.

There being no further business before the City Council, Mayor Aaron adjourned the Regular Meeting of the City Council at 6:53 P.M. on Thursday, December 10, 2015.

Mandatory Eminent Domain Reporting

[Senate Bill 1812](#), passed during the 2015 legislative session, requires cities to fill out a web-based form with the comptroller relating to each city's statutory eminent domain authority. The form is due by **February 1, 2016**, and the failure to fill out the form could result in a \$1,000 penalty against the city. The electronic reporting form is available at:

<http://comptroller.texas.gov/webfile/eminant-domain/>

Most of the required information is self-explanatory, but League staff has inserted some commentary below that may be of assistance. The reporting consists of providing the following information:

- 1. The entity's full legal name.**
- 2. The entity's address and public contact information.**
- 3. The name and contact information of the appropriate officer, or other person representing the entity.**
- 4. The type of entity.**

Obviously, "city" is the type of entity. However, the form also allows an economic development corporation (EDC) to file, and it lists Local government Code Section 505.105 as that entity's authority. (While most attorneys would agree that an EDC uses the city's eminent domain authority on its behalf, it may nonetheless make sense to report for the EDC.)

Cities with other city-created entities should review the eminent domain authority of those entities to determine whether additional forms should be sent to the comptroller on their behalf. Some statutory provisions are very specific (e.g., authority of cities that have created municipal parking authorities or defense base management authorities, or even a city with a charter-created board of a municipally owned electric utility system that has certain financial obligations).

5. The legal provision(s) granting the entity’s eminent domain authority.

This section of the form is titled “Eminent Domain Provisions: Codes.” It asks “under what code(s) of the law has eminent domain authority been granted to this entity?”

The user selects the appropriate code (e.g., Local Government Code, etc.) and then selects the specific provisions (e.g., 251.001, etc.). Several provisions under each code can be selected by holding down the “control” key while clicking. The process is repeated for each additional code.

Each city should submit its own form after reviewing each of the provisions in these spreadsheets to determine whether they apply to that particular city. The following spreadsheets are available:

- [General law cities – basic provisions](#): Most general law cities will be fine submitting only the provisions listed in this spreadsheet.
- [Home rule cities – basic provisions](#): Most home rule cities will be fine submitting only the provisions listed in this spreadsheet.
- [Comprehensive list of all statutory provisions](#) granting eminent domain authority to cities.

6. The focus or scope of the eminent domain authority granted to the entity.

This section of the forms asks “what types of projects and/or purposes does this entity have eminent domain authority.”

For most cities, it makes sense to choose every project/purpose listed, except for “other.” (Only those cities with a specific project type that is authorized by law but not listed should choose “other” and enter a description.)

7. The earliest date the entity had authority to exercise the power of eminent domain.

For a city, enter the incorporation month and year in this section.

8. The entity’s taxpayer identification number, if any.

9. **Whether the entity exercised its eminent domain authority in the preceding calendar year by filing a condemnation petition under Section 21.012, Property Code.**
10. **The entity's Internet website address or, if the entity does not operate an Internet website, contact information to enable the public to obtain information from the entity.**

It may be appropriate to seek the assistance of local legal counsel to advise on the reporting. Please contact Scott Houston, TML's general counsel, with questions at shouston@tml.org or 512-231-7400.

Get Involved: TML Legislative Policy Committees

Your involvement in the development of the Texas Municipal League's 2017-2018 Legislative Program is critical to the League's success. The program is the "roadmap" by which League staff lobbies the Texas Legislature. The process starts in earnest next spring, and TML President C.J. Wax, Mayor of the City of Rockport, is seeking volunteers to provide input. No particular expertise is need. Volunteers need only have a willingness to learn and the ability to come to Austin for two full days in 2016.

Next year's topic-specific committees will be:

- **May 6:** Annexation and Regulation of Development.
- **May 27:** Revenue and Finance.
- **June 3:** Utilities and Transportation.

Service consists of appointment by the TML President to one of the above committees. Those committees will each meet once on the date indicated in Austin. All three will then combine to form the General Government Committee, which will meet on **August 19** in Austin. The General Government Committee will finish any topic-specific work and consider additional items.

The League's complete legislative policy development process is described [here](#). If you have questions or would like to volunteer for service on a legislative committee, please email JJ Rocha, TML Policy Analyst, at jj@tml.org. The deadline to apply is **December 23, 2015**. Please include your full contact information and your preferred topic-specific committee. Due to space limitations and other considerations, not all those who apply will be appointed to a committee, but will be considered for future volunteer opportunities.

Senate Property Tax Committee Begins Work

Last Monday, the Senate Select Committee on Property Tax Reform and Relief held an organizational meeting to gather basic property tax information from the comptroller and

generally discuss the committee's plans. Chairman Paul Bettencourt (R – Houston) announced that the committee will conduct up to seven public hearings across the state over the course of the next few months, with the first hearing taking place in San Antonio in late January.

It is widely believed that one goal of these hearings is to begin the push for harmful revenue caps heading into the 2017 legislative session. The League will monitor the public hearings of the committee in the coming months, and will provide updates so city officials will know when the meetings are coming to their region of the state.

Payday Lending Clearinghouse Updates

The League's "Payday Lending Clearinghouse" webpage, available at www.tml.org/payday-updates, includes information related to the regulation of payday and auto title lenders. It is updated from time-to-time to reflect recent developments. Interested city officials should note that the additional cities have adopted regulations, and some cities have slightly modified the model ordinance in response to a United States Supreme Court decision. For more information, visit the clearinghouse page.

Open Carry and Contracts Disclosure Laws Effective January 1

Open Carry Update

Texas' much anticipated "open carry law" will become effective on January 1, 2016. The law modifies the current concealed handgun license law that has been in place since 1995. It eliminates the concealed/open carry distinction, and it creates a "license to carry a handgun."

Beginning on January 1, 2016, a person with a current concealed handgun license, or a person who obtains the new "license to carry a handgun," may carry a handgun in a concealed manner or openly in a belt or shoulder holster.

The rules related to where and when a license holder may openly carry are essentially identical to where and when a concealed handgun license holder has been able to carry for 20 years. Of course, the difference is that no one knows when a person is concealed carrying, but some are uncomfortable with the idea of a holstered handgun being displayed in public.

State law prohibits the carrying of firearms in certain places. For example, it is a crime to take a gun onto the premises of a polling place or a court. (With regard to courts, more information will be available in the form of attorney general opinions on the subject, which should be released soon.) The law also expressly prohibits a handgun license holder from carrying in a government meeting, if the governmental body gives notice that doing so is prohibited.

Beyond the three places listed above, a city council has essentially no authority to prohibit a license holder from carrying in areas that are otherwise open to the public. Any attempt to do so can lead to the attorney general bringing a civil action against the city for monetary penalties. (The attorney general, pursuant to legislation passed last session, has posted a [notice](#) on his website inviting individuals in your city to file a complaint if an "uncooperative government" posts signs prohibiting handgun license holders from carrying handguns where they are legally allowed to carry them.)

What's the bottom line for city officials and employees who see someone carrying a holstered handgun in public? Don't panic. If you see any person acting suspicious (armed or not), you should contact law enforcement. However, the mere fact that a person is carrying a holstered handgun is a sight Texans may have to get used to. In fact, most city attorneys will likely advise law enforcement officers to use discretion in making contact with such a person, considering the totality of the circumstances.

City employees should arguably follow the same restrictions. For example, if a person enters a city library or recreation facility with a holstered handgun, the employees may decide to do nothing, unless the person causes a disturbance. If that happens, summoning law enforcement is the best course of action.

The state legislature is the body that enacted the open carry law. You can find and contact your state representative and/or senator at www.capitol.state.tx.us.

Contracts Disclosure Legislation

Section 2252.908 is a new ethics law that was enacted by H.B. 1295 in 2015. It prohibits a city from entering into certain contracts with a business entity unless the business entity submits a form called a disclosure of "interested parties." Although the bill became effective on September 1, 2015, the reporting applies only to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission is charged with adopting rules to implement the new statute, developing the disclosure of interested parties form, and posting the form on its website. The Commission adopted the "Certificate of Interested Parties" form ([Form 1295](#)) on October 5, 2015 and adopted [rules](#) on November 30, 2015.

By January 1, 2016, the Commission will make available on its website a new filing application (a software application) that must be used to file Form 1295. The process as implemented by the Commission is as follows:

1. A business entity must use the application to enter the required information on Form 1295 and print a copy of the form and a separate certification of filing that will contain a unique certification number.
2. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 and certification of filing must be filed with the city "at the time the business entity submits the signed contract" to the city.
3. The city must notify the Commission, using the Commission's filing application, of the receipt of the filed Form 1295 and certification of filing not later than the 30th day after the date the contract binds all parties to the contract.

In the coming weeks, the Commission will post a "How to Register and File a Report" video on its website under the "[Implementation of HB 1295](#)" heading. In the meantime, the League has prepared a Q&A covering what we know about the law so far.

Mandatory Eminent Domain Reporting

[Senate Bill 1812](#), passed during the 2015 legislative session, requires cities to fill out a web-based form with the comptroller relating to each city's statutory eminent domain authority. The form is due by **February 1, 2016**, and the failure to fill out the form could result in a \$1,000 penalty against the city. The electronic reporting form is available at:

Obviously, "city" is the type of entity. However, the form also allows an economic development corporation (EDC) to file, and it lists Local government Code Section 505.105 as that entity's authority. Licensed Carry and Courts: Attorney General Opinions Confuse the Issues

Two just-released attorney general opinions may call into question Texas city attorneys' previous understanding of where firearms can be carried in and around city courts. Attorney general opinion requests RQ-0040-KP (July 24, 2015) and RQ-0051-KP (September 9, 2015) asked numerous questions about the statutory prohibition against carry a firearm onto the premises of any government court or office utilized by the provision. The attorney general released his opinion letters on Monday, and they appear to lead to further confusion on the issues. A discussion of each, along with an explanation of their practical effects, follows.

- [Tex. Att'y Gen. Op. No. KP-0047 \(2015\)](#) concludes that a person is prohibited from carrying a firearm only into the *room* that actually houses a court or court office. That opinion is contrary to what the League and most other attorneys have been advising for years under the concealed carry law. The previous advice was that a person is prohibited from carrying a firearm into the *entire building* that houses a court or court office.

Most governmental entities took that position because of the confusing nature of the law. In other words, because it wasn't (and still isn't) exactly clear into what "portion" of a building a licensee can carry, the licensee could (and still can) inadvertently commit a third degree felony for going to the wrong portion of the building.

The opinion states that “[w]hile we can’t be sure what the outside limits of the prohibition are, it is clear that ‘the legislature intended to prohibit concealed handguns from the rooms that house government courts and offices central to the business of the courts...in order to provide clarity, we construe subsection 46.03(a)(3) to encompass only government courtrooms and those offices essential to the operation of the government court.’”

The opinion further states that “[w]e routinely acknowledge that decisions like this are for the governmental entity in the first instance, subject to judicial review. Accordingly, the responsible authority that would notify license holders of their inability to carry on the respective premises must make the determination of which government courtrooms and offices are essential to the operation of the government court.”

In the past, it seemed clear that a license holder couldn’t go into the court building. That interpretation provided certainty. Contrary to the “would notify license holders” quote above, the court or court office prohibition *does not require signage*. Thus, the opinions actually shift the risk of compliance onto the license holder to know where he can carry.

- [Tex. Att’y Gen. Op. No. KP-0049 \(2015\)](#) interprets the provisions of S.B. 273, a bill that passed last session. The bill provides that – among other things – the attorney general can sue a state agency or a political subdivision that improperly posts a 30.06 notice.

As written, the bill applies only to a concealed handgun sign under Texas Penal Code Section 30.06. However, the opinion seems to incorrectly expand the attorney general’s authority under the bill to include any sign, including a signs pertaining to carry prohibitions that automatically apply (e.g., the court prohibition discussed above). The opinion also expands the attorney general’s authority to investigate *oral* notice that carry is prohibited.

If a city chooses to comply with the second opinion, and doing so may be wise given the possible fines under the new legislation, it should be noted that improper carrying near a court could still be a crime regardless of signage. The decision to prosecute that felony offense is made by county and district attorneys, not by city officials.

What are the practical effects of the opinions above? Some possible scenarios are these:

- **City (based on advice from city attorney) takes no action:** According to the opinions, a license holder can carry a handgun into any city facility, but may not carry into an actual room that houses a court or court office. No signage is necessary. However, some cities may deem it appropriate to post a sign of some type notifying the license holder that a room houses a court or court office.
- **City (based on advice from city attorney) takes position that a license holder may not enter a certain portion of the building that houses a court or court office:** No signage is necessary. However, some cities may deem it appropriate to post a sign of some type notifying the license holder that the portion of the building houses a court or court office. The attorney general’s office claims that it has enforcement authority over

the location of the city's signs and any verbal statements made by city employees to a license holder.

- **City (based on advice from city attorney) takes position that a license holder may not enter the building that houses a court or court office:** Again, no signage is necessary. However, some cities may deem it appropriate to post a sign of some type notifying the license holder that the building houses a court or court office. The attorney general claims that he has enforcement authority over the location of the city's signs and any verbal statements made by city employees to a license holder.

What would the signs mentioned in the bullet points above look like? Some would argue that they should be "criminal trespass by license holder" signs, which would be posted in accordance with the following:

- Texas Penal Code § 30.06(c)(3)(A) requires that the sign prohibiting concealed carry contain language *identical to the following*: "Pursuant to Section 30.06, Penal Code (trespass by license holder with a concealed handgun), a person licensed under Subchapter H, Chapter 411, Government Code (handgun licensing law), may not enter this property with a concealed handgun".
- Texas Penal Code § 30.07(c)(3)(A) requires that the sign prohibiting open carry contain language *identical to the following*: "Pursuant to Section 30.07, Penal Code (trespass by license holder with an openly carried handgun), a person licensed under Subchapter H, Chapter 411, Government Code (handgun licensing law), may not enter this property with a handgun that is carried openly".

A 30.06 or 30.07 sign must include the *exact* language above in *both English and Spanish*, be printed in contrasting colors with block letters *at least one inch in height*, and be displayed *in a conspicuous manner clearly visible to the public*.

Others would argue that a sign stating that the building, portion of a building, or room houses a court or court office is sufficient. Still others might say that the Penal Code section prohibiting carry into those places should be mentioned:

*This building houses courts and court offices.
All weapons are prohibited pursuant to Penal Code Section 46.03(a)(3).
An offense under that section is a third degree felony.*

The above analysis relates only to courts and court offices. A city can always prohibit licensed carry in the room in which a city council meeting is being conducted by posting the 30.06 and 30.07 signs mentioned above, and may in rare cases have other authority related to firearms. A more detailed paper on the issue is available [here](#).

These opinions did little more than further confuse an already complicated issue. Until this issue is decided by the courts, cities are advised to work closely with their local legal counsel before posting or removing any signs regarding courts and city buildings. We expect that a number of our member cities will have a different interpretation of the law than the attorney general. The

League will work closely with Texas cities on possible legislative proposals to clarify the law to protect the safety of everyone who works in or visits city courts.

Mandatory Eminent Domain Reporting

[Senate Bill 1812](#), passed during the 2015 legislative session, requires cities to fill out a web-based form with the comptroller relating to each city's statutory eminent domain authority. The form is due by **February 1, 2016**, and the failure to fill out the form could result in a \$1,000 penalty against the city. The electronic reporting form is available at:

<http://comptroller.texas.gov/webfile/eminant-domain/>

Most of the required information is self-explanatory, but League staff has inserted some commentary below that may be of assistance. The reporting consists of providing the following information:

- 1. The entity's full legal name.**
- 2. The entity's address and public contact information.**
- 3. The name and contact information of the appropriate officer, or other person representing the entity.**
- 4. The type of entity.**

Obviously, "city" is the type of entity. However, the form also allows an economic development corporation (EDC) to file, and it lists Local government Code Section 505.105 as that entity's authority. (While most attorneys would agree that an EDC uses the city's eminent domain authority on its behalf, it may nonetheless make sense to report for the EDC.)

Cities with other city-created entities should review the eminent domain authority of those entities to determine whether additional forms should be sent to the comptroller on their behalf. Some statutory provisions are very specific (e.g., authority of cities that have created municipal parking authorities or defense base management authorities, or even a city with a charter-created board of a municipally owned electric utility system that has certain financial obligations).

- 5. The legal provision(s) granting the entity's eminent domain authority.**

This section of the form is titled "Eminent Domain Provisions: Codes." It asks "under what code(s) of the law has eminent domain authority been granted to this entity?"

The user selects the appropriate code (e.g., Local Government Code, etc.) and then selects the specific provisions (e.g., 251.001, etc.). Several provisions under each code can be selected by holding down the “control” key while clicking. The process is repeated for each additional code.

Each city should submit its own form after reviewing each of the provisions in these spreadsheets to determine whether they apply to that particular city. The following spreadsheets are available:

- [General law cities – basic provisions](#): Most general law cities will be fine submitting only the provisions listed in this spreadsheet.
- [Home rule cities – basic provisions](#): Most home rule cities will be fine submitting only the provisions listed in this spreadsheet.
- [Comprehensive list of all statutory provisions](#) granting eminent domain authority to cities.

6. The focus or scope of the eminent domain authority granted to the entity.

This section of the forms asks “what types of projects and/or purposes does this entity have eminent domain authority.”

For most cities, it makes sense to choose every project/purpose listed, except for “other.” (Only those cities with a specific project type that is authorized by law but not listed should choose “other” and enter a description.)

7. The earliest date the entity had authority to exercise the power of eminent domain.

For a city, enter the incorporation month and year in this section.

8. The entity’s taxpayer identification number, if any.

9. Whether the entity exercised its eminent domain authority in the preceding calendar year by filing a condemnation petition under Section 21.012, Property Code.

10. The entity’s Internet website address or, if the entity does not operate an Internet website, contact information to enable the public to obtain information from the entity.

It may be appropriate to seek the assistance of local legal counsel to advise on the reporting. Please contact Scott Houston, TML’s general counsel, with questions at shouston@tml.org or 512-231-7400.

Ethics Commission Releases Contracts Disclosure Tutorials

Section 2252.908 is a new ethics law that was enacted by H.B. 1295 in 2015. It prohibits a city from entering into certain contracts with a business entity unless the business entity submits a form called a disclosure of “interested parties,” and the city confirms with the Texas Ethics Commission that it received the form. Although the bill became effective on September 1, 2015, the reporting applies only to a contract entered into on or after January 1, 2016.

Previous editions of the *Legislative Update* have reported in detail on the bill and its implementing rules, as well as linked to the League’s [Q&A](#) on the new law. The Texas Ethics Commission prepared a [web page](#) with its Q&A and video tutorials of how the process is supposed to work. The Commission’s online reporting page should go live on January 1, 2016.

Payday Lending Clearinghouse Updates

The League’s “Payday Lending Clearinghouse” webpage, available at www.tml.org/payday-updates, includes information related to the regulation of payday and auto title lenders. It is updated from time-to-time to reflect recent developments. Interested city officials should note that ACE Cash Express has filed a petition for review with the Texas Supreme Court seeking to invalidate the City of Denton’s ordinance. The petition and other information is available on the page.

Licensed Handgun Carry and Cities: Another Attorney General Opinion Request

In the wake of [two confusing attorney general opinions](#) related to licensed handgun carry, court facilities, and signage, another request for “clarification” has been sent to the attorney general. The request, submitted by the district attorney for Jim Wells and Brooks Counties and labeled [RQ-0087-KP](#), asks several questions on behalf of the city attorney for the City of Alice.

The city attorney points out several inconsistencies in state law, and asks questions relating to those inconsistencies. For example, if a license holder is given written notice pursuant to Penal Code Section [30.06](#) and/or [30.07](#), the license holder may not carry into any meeting of a governmental entity that is subject to the Open Meetings Act during the meeting.

As a practical matter, this means that most attorneys advise that the signs be posted at the entrance to the meeting room. However, that advice has been based on the language in Penal Code Section 30.06, which requires a sign prohibiting concealed carry to be “displayed in a conspicuous manner clearly visible to the public.” The new language in Section 30.07, which requires a sign to prohibit open carry, requires that the sign be “displayed in a conspicuous manner clearly visible to the public *at each entrance to the property.*” Thus, where to put the sign is called into question.

Seeking clarification, the opinion request asks, among other things: (1) does the 30.07 “open carry notice” have to be posted at the entrance to the building or at the entrance to the council chambers; and (2) may the city post the 30.06 “concealed carry notice” at the entrance to the building or only at the entry to council chambers?

In addition, the city attorney questions other inconsistencies in the statutory language. It is unlikely that the attorney general’s opinion will be able to clarify the issues with any certainty. In the meantime, the League has prepared a [Q&A](#) that provides the most current information available.

Update:
General Law Cities' Sued Over Sex Offender Ordinances

Last year, 46 general law cities received a letter from a statewide criminal-justice advocacy group known as Texas Voices for Reason and Justice (TVRJ). The letters demanded that the cities repeal their sex offender residency restriction ordinances by December 19 and threatened a lawsuit against any city that had not done so.

In the face of that threat, at least 13 cities chose to repeal their ordinances. TVRJ followed through with its lawsuit threat against several of the remaining cities, including the Cities of Alvarado, Argyle, Hickory Creek, Meadows Place, Oak Point, Ponder, West Lake Hills, and Westworth Village. TVRJ has not provided reasons that those cities were chosen. The cities range in size from Ponder (population 1,484) to Meadows Place (population 4,152).

The League will continue following the cases and is keeping track of the cities that have received demand letters and notice of lawsuit. In the meantime, if your city has been sued, you should contact your city attorney, as well as the TML Intergovernmental Risk Pool if it is your liability carrier.

We ask that you please continue to keep the League updated, as well. If you have specific questions, please contact Heather Lockhart at heather@tml.org or 512-231-7400.
